SIGNED DATE

NOTES

Birth Notification Confirmation is intended to promote British White beef by enabling the provenance of non-registered prime stock, such as steers and other animals not intended for breeding, to be certified to butchers and other traders. The progeny of birth notified only stock will not be eligible for registration.

When requested by the breeder and where appropriate, the British White Cattle Society will issue written confirmation that birth notified animals are from registered stock.

There is no fee for birth notifications.

Birth notifications shall be made within 3 months of birth.

Please send the completed form to: Ruth Mawer, Meadow View, Kelby, Grantham, Lincolnshire, NG32 3AJ
