With the publication of this Volume of the Herd Book the Society welcomes the foundation of the Whittingehame Herd owned by the Earl of Balfour. It is gratifying to record in this way that interest in the breed is spreading to Scotland.

Members are reminded that all calves (pedigree and grading-up) for registration in the Herd Book must now be ear-marked with members' officially allocated Herd Designation Letters. Calves should be ear-marked within one month of birth. The letters and figures following the names of the actual entries in the Herd Book refer to such ear-marks.
